- Analytics: Tableau, Claude Code, Excel, Basic SQL & HTML
- Customer Lifecycle Management
- Risk & Compliance Coordination
- Stablecoins & Crypto Payment Rails
- Product: Figma, Miro, Trello

WORK HISTORY

COO & CO-FOUNDER 04/2021 to 03/2025

Betaramps, United Kingdom

- Led product development and launched a wallet infrastructure replacing manual crypto transfers; defined system requirements with engineering to automate 95% of transactions, enabling the platform to scale to \$1M annual TPV.
- Owned BD and GTM execution across 31 countries targeting Fintechs, remittance companies, and banks via outbound (Apollo) and referrals. Designed and launched a referral program that enabled entry into the European market, contributing to a 4x MoM TPV increase.
- Established a data-driven culture by building KPI dashboards using Dbeaver and JetAdmin to monitor success rates and regional ROI.

SALES MANAGER 12/2020 to 05/2021

Cellulant, Kenya

- Led sales initiatives for global e-commerce merchants and conducted technical feasibility for a \$100M enterprise lead, identifying critical product gaps in FX pricing.
- Proposed strategic liquidity solutions (USDT/NGN swaps) to mitigate currency risk and advised against onboarding to protect 3+ months of engineering bandwidth.
- Synthesized enterprise requirements into product feedback to address pricing transparency in the Nigerian market.

SENIOR ACCOUNT MANAGER & CUSTOMER SUCCESS 06/2018 to 03/2019

EBANX, Brazil

- Architected a cross-border expansion workflow for SMBs using HubSpot and Tableau, triggering API signals to automate country activation for merchants.
- Reduced manual support tickets by 67% in the first quarter by eliminating cross-departmental bottlenecks between Compliance and Engineering.
- Increased quarterly upsell count by 18%, significantly accelerating time-to-market for merchants expanding across Latin America.

BUSINESS DEVELOPER 12/2016 to 06/2018

EBANX, Brazil

- Acquired 80+ international merchants via inbound, outbound, and referrals. Generating over \$30M in new processing volume within 18 months.
- Co-developed GTM campaigns focusing on Latin American payment localization. Drove a 126% MoM increase in AOV for a top-tier E-commerce merchant by leading the integration of installment payment features in Mexico.
- Specialized in referral-driven enterprise sales, managing complex 2 to 6 month cycles across compliance, legal, and technical stakeholders to close and activate merchants across Latin America.
